Will Tax Buildings and Land in Town

The Council met last week and the following business was transacted. William Burrell's application for rebate of Livery License was again taken up and it was moved by Councilor Parker R. Reed, seconded by Councilor J. V. Berscht that William Burrell's application to be assessed on Business Tax or to have his Livery license related be refused. Carried.

The Solicitor reported that the Calgary and Edmonton Townships Company, Limited, had agreed to accept the Town's offer of settlement of the action as follows:—To give to the Town of Didsbury a title to the Company's lands in Didsbury, with out costs. Moved by Councilor P. R. Reed, seconded by Councilor J. V. Berscht, that the Town of Didsbury accept transfers from the Calgary and Edmonton Townships Company Limited, of all its lands within the Town in settlement of the claim and costs, subject to approval of the Minister of Municipal Affairs. Carried.

The Secretary Treasurer informed the meeting that he had received a notice from the Solicitor for the Calgary and Edmonton Land Company, Limited, that a petition will be made by the said Company to the Board of Utility Commissioners on May 2nd, 1921, to have the unadjudicated lands belonging to said Company situated in the Town of Didsbury withdrawn from the limits of the said Town.

Moved by Councilor S. T. Arlson, seconded by Councilor Parker R. Reed that the Solicitor be instructed to request the Board of Utility Commissioners to appear at the hearing of the said petition and urge that the application for withdrawal of the land should not affect this year's assessment. Carried.

The question of levying a property Tax in view of the urgent necessity of obtaining more money for fire among the Town was fully discussed.

Moved by Councilor J. V. Berscht, seconded by Councilor S. T. Arlson, that By-Law No. 261, being a By-Law respecting assessment and imposition of taxes on buildings and improvements upon road, be given its first and second reading. Carried.

Moved by Councilor J. V. Berscht, seconded by Councilor G. A. Wrigglesworth that By-Law No. 262, being a By-Law appointing Wesley Hardy Fire Chief for the Town of Didsbury and setting forth his duties, be given its first and second reading. Carried. By-Law No. 262 was given its third reading and passed.

Moved by Councilor P. R. Reed, seconded by Councilor G. A. Wrigglesworth that By-Law No. 263, appointing J. Wells Johnson, Auditor for the Town of Didsbury for the year 1921, be given its first and second reading. Carried. By-Law 263 was given its third reading and passed.

Constable W. P. Sick appeared and requested that the Council pay one-half the party charges for telephone in his house. It was moved by Councilor S. T. Arlson, seconded by Councilor G. A. Wrigglesworth that the Town pay one-half of W. P. Sick's telephone rental. Carried.

District Convention W. C.T.U. in Didsbury

The District Convention of the W. C. T. U. will be held in the Protestant Church, Didsbury, on Thursday and Friday May 7th and 8th. First session on Thursday afternoon at 2 o'clock. In the evening of the same date a Public meeting will be given, consisting of musical items and an address by the Provincial President of the W. C. T. U., Mrs. McKinnon.

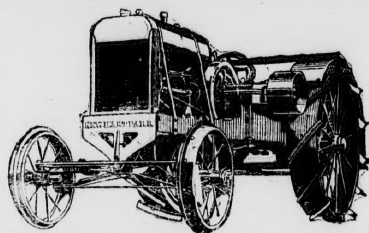

Buy a Farm

YOU often dream of buying a farm, and just as often you dismiss the idea, saying, "But it would need capital to do that!" Why not start to make your dream come true? Open a Savings Account today with us. Save something every week and you will soon have the capital you need.

MEY M. L. A. At this meeting the "Gold Medal Contest" for the Central Alberta Division of the W. C. T. U. will be held and medal awarded. The prizes for the Essay Contest taken up by the pupils of the Public School will also be given. All those interested in the work of the child, are cordially invited to this meeting. A special offering will be made towards expenses. The sessions will be continued on Friday morning at 9:30 and also at 2 o'clock in the afternoon. All ladies of the town and district are specially invited to these meetings when many prominent ladies of the district will speak.

Dr. Mecklenburg wishes to announce that May 7th will be his last trip to Didsbury for two months as he is leaving for New York to attend the 21st Congress American Optometric Association of which he is a charter member. He will take a post graduate course from the most eminent European and American eye specialists while there and will also visit the largest factories where they manufacture glasses, frames and scientific instruments, so that he will be prepared to supply his customers with the latest advice and materials when he returns. Don't forget the last date for his visit will be Saturday May 7th, until July 15th.

Governments and Commissions

Canada has become a land of Commissions. There is the Railway Commission, the Civil Service Commission, the Deep Waterways Commission, Harbor Commissions, the Soldier Settlement Board, the Pensions Board, while Commissions almost without number have been appointed in recent years to inquire into this, that and the other question. In addition to the many Commissions appointed by the Dominion authorities, every Province has a number of these bodies created under Provincial statutes. Other Commissions and Boards have been created to discharge administrative functions, offices of a semi-judicial character, when Governments have been faced with problems where, for political reasons, they did not care to assume direct responsibility in administration because of the pressure they knew would be applied to prevent a strict enforcement of the law, or because of the unpopularity which must inevitably ensue from a proper adherence to the regulations laid down and through the application of strict business principles.

While not condemning Commissions as an institution in government, it is open to question whether all Governments in Canada, both Federal and Provincial, have not made mistakes in a too frequent resort to them and thereby created a feeling of want of confidence among the masses of the people.

Be that as it may be, one thing is at least clear. If a Government transfers to a Commission important administrative duties and responsibilities which ordinarily belong to Government itself, then it is the bounden duty of that Government to support and uphold the actions of such Commission, except where it is shown that the Commission has been derelict in its duty, has exceeded its powers, or has shown marked partiality in administration.

Last summer, one by one the members of the Board of Commerce resigned from office because of disagreement with members of the Dominion cabinet, until, at last, there was no Board left in existence. Readers will recall the agitation caused by the resignation of Mr. Murdoch and the charges of interference with the Board which he made publicly in the press. The Government thereupon appointed new members to the Board. These men recently issued a most outrageous order prohibiting the importation of sugar into Canada, ordering that all Canadian purchases of sugar must be made from Canadian refiners, and fixing the retail price of sugar at 21 cents a pound, plus freight, although there were large surplus stocks in the country and sugar was retailing as low as 10, 11 and 12 cents a pound in the United States. An outraged public forced the suspension of this order by the Government pending an investigation, but it was so palpably framed in the interests of the refiners solely and against all other classes of industry using sugar and the people of Canada generally, that it should be absolutely cancelled.

The fact that in the creation of these Commissions, Governments allow reserve to themselves the right of over-riding the acts and decisions of the Commissions—undoubtedly a necessary power in democratic institutions—only goes to show that in the final analysis Governments are responsible for the acts of such Commissions.

The sooner Canada gets back to the straightforward plan of clearly defined Government responsibility in all acts of public administration, with Parliament as a free and untrammelled forum for the discussion of all public questions and grievances, and the final arbiter in all matters, the better for the Dominion.

A Separation Granted

Not by process of law, but by the silent working of "Putnam's," are corns separated from aching toes. Any corn or wart that "Putnam's" won't cure hasn't been discovered yet. Insist on Putnam's Corn Extractor only, 25c at all dealers.

Gas at Fifteen Cents Per Thousand.

The Calgary Gas Company has agreed to buy 1,250,000 feet of gas per year from the United Oil Company at a rate of 15 cents per 1,000 feet. Delivery is to commence on October 1st, 1921.

Plenty of Butter in West.

The butter production of Alberta will be in excess of 12,000,000 pounds this year, according to the province's leading creamery authority. He states that it will far exceed the notable record of 1919.

Manitoba Butter.

Enough butter to cover 265,000,000 slices of bread was produced in Manitoba this year, according to L. A. Gibson, provincial dairy commissioner. Of 8, 250,000 pounds produced, 4,300,000 have been exported, he stated.

Pure alabaster has a brilliant, pearly-white luster.

Will Give Demonstration

Arrange to Test Alberta-Corn in Winnipeg Furnaces.

The Alberta mining branch has arranged to open a demonstration plant in Winnipeg for the purpose of trying out different grades of Alberta coal and showing the Manitobans how to use them. For the next four months experimental fires will be kept going in a number of different types of furnaces besides cook stoves and heaters. Marcus C. Syner, resident combustion engineer, will be in charge. The coal will be secured from the regular stocks of the Winnipeg dealers, and no attempt will be made to pick samples. As a result of recent tests in one of the government boilers in Winnipeg an order has been given for 2,500 tons of Alberta coal.

Minard's Liniment Relieves Neuralgia

British Teachers For Canada. "The province of Saskatchewan is encouraging the emigration of British teachers to take provincial schools. Recently a party of twelve arrived from England and were immediately given situations.

STOP LOOK and LISTEN
before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside, but large quantities of it inside.

MAGIC BAKING POWDER
Contains No Alum
Pure Wholesome Economical

Western Wool For East.
Over 3,000,000 pounds of this year's wool clip has been sold and shipped from Alberta to the east. The best samples of wool sold at 52 cents per pound.

GEE, BUT IT'S GOOD FOR A BAD COLD

Nothing Can Touch Catarrhozine in Curing Quickly.

You may dislike taking medicines, but coughs are best cured without medicine. The modern treatment is "Catarrhozine"—it isn't a drug—it's a healing vapor full of pine essences and healing balms. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are washed out, and all symptoms of cold and catarrh are cured. Nothing so quick, nothing so sure, so pleasant as Catarrhozine. Beware of cheap, dangerous substitutes meant to deceive you for genuine Catarrhozine. Large size which lasts two months, price \$1.00; small size, 50c; sample size 25c, at all dealers.

A Trend of the Times.
"It's got so these days that a man can hardly wed unless he can show the girl two licenses."
"Two licenses?"
"Yes, marriage and automobile."
New Haven Register.

THE FALL WEATHER
HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept tight the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Long Flight

Wild Duck From New York Is Found In Alberta.

From New York state wild ducks drift northwestward to Alberta according to the inscription found on a band on the leg of a pintail shot on the outskirts of Camrose recently. The inscription bore the wording, "Released by the American Museum at New York. With the finder of No. 35793 please notify us." Carl Jensen, who shot the bird, is communicating with the museum authorities and is having it mounted. Roughly speaking, it would be about 2,500 miles from New York to Camrose.

Grape-Nuts Needs No Sugar

Look Out For The Grasshopper

Contrary to expectations only a very small percentage of grasshopper eggs were killed during the winter months and all indications point to a serious plague of these pests during the coming season. In the territory lying south of the Calgary-Medicine Hat C.P.R. railway line patches have been discovered with from 1,600 to 1,700 eggs to a single square foot of sod. This information is contained in a report submitted by E.H. Strickland of the Dominion Entomological Laboratory at Ottawa to L.H. Higgins, botham, secretary of the U. F. A. Mr. Strickland in his letter states: "I have every assurance of the provincial government that they are developing an organization to take care of this new territory." He adds that he will return to Lethbridge during the season to assist H. L. Seemann in

taking over the work.

Mr. Strickland's Report

Following is his report:

"Last fall we found as many as 2,000 grasshopper eggs to the square foot in the sod around many fields near Calgary. There were no insects or other enemies feeding on these eggs, and we hoped that climatic conditions this winter would be such that a large percentage of them would be destroyed. We have received eggs that were collected this month from several districts and we find on careful examination that between 80 per cent and 85 per cent of them contain partly-developed, living grasshoppers. All of these are practically certain to hatch in May or June. From the specimens we have received we find out that throughout southeast Alberta, as far north at least as the C. P. R., there are fields around which as many as sixteen to seventeen hundred grasshoppers will hatch out on a single square foot of sod."

The Didsbury Pioneer

Member of the Canadian Weekly Newspapers Association

H. E. Omond, Editor & Prop.
F. H. Omond, Asst. Editor

Subscription: \$2.00 per year
U. S. Postage: \$2.50 per year

WEDNESDAY, APRIL 27th, 1921

"In addition to this the post-harvest spread extensively and it covers at least double the area that it did last year."

"These grasshoppers can be very easily and cheaply killed IF THE BREEDING PLACES ARE LOCATED AS SOON AS THE YOUNG HOPPERS HATCH IN MAY AND JUNE. Proven bait is the remedy and the Provincial Government has an ample supply of the materials for making this on hand."

"Delay in applying the remedy means that grasshoppers will become a very serious menace to everyone in the Southwestern section of the Province whose fields are infested, but also to those whose fields are not infested free and to the business men whose prosperity depends indirectly upon the success of agriculture."

Action Urged

"All organizations such as municipal councils, boards of the U. F. A. and boards of trade are urged to see that their districts are thoroughly alive to the grasshopper menace and to the remedies which are inexpensive and are absolutely reliable, provided the first signs of hatching are observed. Literature can be obtained from Mr. H. L. Seemann, Entomological Laboratory, Lethbridge."

"In the meantime the following precautions should be taken:

1. Examine and along fence rows and roadides for the eggs of the roadside grasshopper. These eggs resemble somewhat small grains of wheat. They are laid in masses of 20 to 25 and can be found just below the surface of the soil among grass roots.
2. Plough deeply all stubble land before seeding this spring. This is most important. The lesser migratory grasshopper lays its eggs in stubble and there are large numbers of them in your fields this spring. Be sure to turn the furrows completely over and pack if possible.
3. Save straw for spreading over the sod along fence rows. Burn this and Russian thistle at NIGHT TIME AFTER THE GRASSHOPPER HAS HATCHED.

5. Organize for co-operation to stamp out the pest from your territory as soon as it appears and before it can do any damage.

Proposal to Algamate all Canada's Railways

Lord Shaughnessy of the C. P. R. has suggested to Premier Meighen a solution of Canada's railway problems which means nothing less than the merging of all Canadian Railways, including the C. P. R., into one organization under government control but operated by the C. P. R. This proposal is entirely his own conception as the Executive and directors of the C. P. R. have not been consulted but it suggests a way out of the railway tangle in which Canada finds herself today.

The main points of the suggestion are as follows:

CONSOLIDATION—C.P.R. railway property—apart from its other subsidiary interests, such as land, mines, steamship lines, and railways not in Canada—be added to the Canadian government railway system.

THE PRICE PAID—Shareholders of C. P. R. should be paid in perpetuity a fixed annual dividend on the share capital, to be supplemented by

ADMINISTRATION AND OPERATION—C. P. R. would be used under terms of contract approaching perpetuity to administer and operate the whole property for the Canadian people.

Settlement Miners Strike More Favorable

London, April 27.—A settlement of the coal strike tonight appeared more likely than at any time since the men laid down their tools. The government during the day made an offer, other concessions, further narrowing the gulf between the miners and the mine owners by proposing a state grant for a transitional period of three or four months, under which the miners would be insured against their wages being reduced more than three shillings per day.

The owners have not yet agreed to this plan, but both they and the government will consider the new situation further tomorrow, and the hope was expressed tonight that an agreement would be arranged between the manufacturer presentation to the miners' conference Thursday evening.

As the miners already have agreed to a two shilling reduction, it is considered that there are good prospects the coming week will see a settlement of the dispute.—Morning Aberdeen.

It Carries The News to Your District

It is encouraging to note the constant efforts that are being made by The Calgary Herald to make the residents of the city familiar with the affairs and happenings in the town and rural districts of Alberta. The Herald is thus established can not but be beneficial to every class in the community. The Herald is publishing country news in commendable volume these days and it is a matter of record that the city people are

ing as those more closely concerned. It is also noted that The Herald pays attention daily to the news affairs of the United Farmers of Alberta and that this news is presented accurately and without any coloring. Mr. H. W. Wood, the head of the U. F. A. figures in the Herald news, probably as much as any other individual in the province, not of course as a personal matter, but as the spokesman of the great agrarian body, finding this matter quite as interest.

DIDSBURY

What's a Guarantee?

Our idea of a guarantee is that the manufacturer who gives one—which hasn't any tags and loopholes—believes in his product.

So much so that he stands ready to make good any loss suffered by the purchaser through defective material or workmanship.

It's mainly because of the guarantee that goes with them that we are selling and recommending Ames Holden "Auto-Shoes."

Of course, we know they give the cheapest mileage too—that they are dependable tires for any make of car, anywhere. But it's the guarantee that we talk about most. It's the straight and clean-cut, without time or mileage limits. It shifts our responsibility on to the manufacturer and he lives up to every letter of it. Come in and let us tell you about the guarantee that goes with

WESTCOTT

It seems as though the seedling will be done in good time this spring. Everyone at it.

A number of our young folks attended the dance at Melvin, Friday last and report having a fine time. Miss Worthington, from Calgary, spent a few days with her parents last week.

It seems to keep Wallace Hughes rather busy this spring nursing lambs. Stay with it Wallace, "Practico makes Perfect."

We understand that Bill Stickney has bought a new ploughing outfit.

Clarence Russell who used to work around here is back again. It seems a tough Westcott is a hard place to stay away from.

Mr. and Mrs. Gilbert Peeg have moved to their new residence in town and left Norman to batch once more. Get busy Norman.

Ed Klack who has been working for Robertson and son for the winter, is home again helping his father to put in the crop.

A fine young team of hackneys was seen driving around Westcott Sunday. A good team to drive through some again George.

Ed Klack and Jim Hughes have returned at last after visiting friends in Calgary for a week.

Iley Sain who has been at Mr. Wilson's all winter has left to help Ed Weber cut brush.

Jay Bellamy is helping his brother Walter to put in the crop.

"Tell me Jamie, what was the most wonderful thing you ever saw while at sea?"

"I think the strangest thing I saw was the flying fish."

"Noo, liddle, danna mak' a tale of yer mither, wha ever heard o' a fish flectin'!"

"Another strange thing I saw when crossing the Red sea. We dropped anchor and when we raised it again there was one of the wheels of Pharaoh's chariot on it."

"Aye liddle, I believe you. We've scripture for that."

BIG PRAIRIE

Thomas Graham recently returned from a six months visit to his old home, Annon, Scotland. Mrs. Graham and her two sons intend to return in the fall.

Mrs. Joe Anderson is visiting with her brother Leonard Tagan.

It is reported that a young cyclone struck Harry McKnight's house on his homestead in Bear Valley, unroofing it. We wonder if he is going to rebuild.

John Ragan the Big Prairie stage driver, invested in a 1909 model Ford car. No excuse for bringing in the mail late after this John.

D. W. Allen of Highland is a frequent visitor to Big Prairie. It looks as though something is going to happen.

Gus Johansson lost three head of horses and Percy Str one. They got mixed in a slough.

Ladies Aid Supper a Success

The supper and auction sale given by the Ladies Aid of the Westerdale Methodist Church on the evening of March 17th was an unqualified success. Though the roads were none of the best, the hall was well filled.

Ample justice was done to the sumptuous supper furnished by the ladies, after which the sale was conducted by Mr. J. T. Worthington who is an adept at this business. The sum of \$200 was realized from the supper and sale.

The members of the society wish, through the medium of this paper, to thank all who by their help, donations, and subscriptions, contributed to the success of the occasion.

Once a teacher was trying very hard to convey the meaning of the word "impression" to the scholars in his class. After giving many illustrations, he said, "Boys I have an impression in my mind. Can anyone tell me the meaning of the word now?" "Yes sir," answered a smart little fellow. "Well what is it?" asked the teacher. "A dent in a soft spot!" was the boy's reply.

Advertise Where Your Customers Are

It seems elementary that sales energy should be concentrated in this district where the goods you have to sell are purchased.

THE PIONEER offers you 1200 good reliable readers in this vicinity that are willing and do buy immense quantities of merchandise. They have been educated to buy from those firms that are not afraid to quote their merchandise through advertisements and you can't hold them responsible for doing business with firms who are progressive enough to use the force of publicity. Be honest, tell the truth and your advertisement in the PIONEER will bring you business, too.

To get our rates all you have to do is to ask. Do it today, or telephone No. 12 and a representative will call.

The Didsbury Pioneer

See Alberta's Greatest Daily Newspaper in the Making

WHEN next you come to Calgary visit the home of The Herald and see for yourself just how a daily paper is made.

WUR circulation Department will take real pleasure in conducting you through our modern plant and in showing you the different processes that enter into the making of a big daily paper.

OE will take you through the busy Editorial rooms with their clicking telegraphic and typewriting machines, where the news of the day is collected and made ready for the printer's page. A crop will take you among almost human linotype machines that change the news into type. You can follow the made-up pages into the stereotyping room where marvelous machines and expert workmen cast the page into leaden plates. Watch these plates taken by automatic carriers to the big 60-ton press, which reels off the printed paper complete faster than the eye can count.

SEE the mailing machines at work, stamping each paper with the subscriber's name and address—see the carrier and street boys scrambling for their papers and the big trucks rushing the Herald to express and post offices, for distribution throughout the west.

IT will be an interesting visit, and after you see ment and the huge outlay of capital and the army of skilled employees, the costly equipment necessary to produce a big daily paper you will wonder that you buy it at the price you do.

AROUND THE TOWN

Mr. Ed. Pirle, spent several days in town last week.

Mrs. J. McDougall returned from Scotland last week, after a visit covering several months.

Don't forget the dance in the Opera House on Friday evening with the Calgary orchestra in attendance.

We hear building operations have started in the north end of town. Spring weather.

Mrs. (Dr.) J. L. Clarke and child, ren left on Monday for a visit to relatives at Edmonton.

Among the recent appointments of Commissioners for Oaths are Ira S. Gamble, Bergen, and H. N. Pearson and D. F. Ferrel of Didsbury.

A home plant program and dance will be held at Community Hall on Friday, May 6th. Everybody come and see the arrival of Billy.

Mrs. L. McKinney, M. L. A., will address the Rugby U. P. A. local at Rugby Schoolhouse on Friday evening May 6th. A good program and lunch will be provided. Everybody welcome.

After a two-weeks strike the Edmonton high school teachers have gone back to work without gaining their objectives, which were higher pay and representation on the school board.

Hatfield, the rickmaker, who was brought to the Medicine Hat district to try and coax the watery elements to shower down on that district finds that he has been forestalled because the powers that be are providing lots of rain this spring.

One of the Memorial Club basketball teams is taking a trip over to Three Hills on Friday night to try conclusions with the Three Hills team. We hope they will bring home the laurels, as this is their first game out of town.

Rev. James H. Bury, District Superintendent of the Nazarene Church, province of Alberta, will preach Sunday at 11 a.m. and 8 p.m. in services held in the Baptist Church, Didsbury. He will also speak at Zeila Schoolhouse in the afternoon at 3 o'clock. The public is cordially invited.

The Tennis Club have received word that they may have the use of grounds they had last year in the C. P. R. Park for their courts. All those who intend joining this year are requested to get a hand helping to get the courts ready as there is a considerable amount of work to be done and it is time the courts were in operation to take advantage of the short season.

Mr. Alex. McKeechie, of Glasgow, Scotland, is visiting here with his uncle, Mr. Jim Phillipson, for a few days before leaving for Fort Norman. Mr. McKeechie was an engineer in the British Navy all through the war and put in ten months in the Dardanelles campaign but his ship came

through without a scratch. He left Scotland last winter and states that things were in a very bad condition when he left.
